The Young Arts Ambassadors present an inspiring evening of local Olympia YOUTH created/generated ART! We will feature performance and visual based art throughout the night, complemented by audience/artist Q&A.

About us:

The Young Arts Ambassadors is the WCPA's youth program that provides an opportunity for teens and young adults to develop leadership, workforce, and life skills in order to achieve their highest potential as citizens in the global community. The program also seeks to reinforce commitment to exceeding academic expectations, skill-set development, cultural opportunities and fostering new relationships and networks through volunteerism and arts exposure.

Our Mission:

-To educate, support and stimulate young people at all stages in their creative journey, and to communicate an informed voice of Olympia's youth by coordinating with the WCPA and other art organizations.

Vision:

All young people in Olympia will have equal opportunity, information and access to all art forms.

Impact of our event:

- Support young people to overcome barriers and become involved.
- Support the development and ambition of young people already involved in the arts.
- To inspire young people to discover the arts.
- To promote the benefits of arts involvement.
- To celebrate the range of talent in Olympia's youth.
